## Breath Taking Views

High Sierra Horse Camp provides horse lovers with an incredible opportunity to explore the beautiful Sierra's. We are only a ten minute trailer ride to the Pacific Crest Trail (PCT). Work is in progress on the segment that will connect our High Sierra Trail to the PCT.

## Enjoyable Get Away ~ Escape from City Life

Our campground is a perfect place to escape from city life. On the 250 acres of magnificent terrain, there are miles of trails to explore. After a long ride join other horse lover's at our community campfire. It is a great spot for gathering and unwinding under the stars. "The End of the Trail Campfire" is great for Potluck Dinner's. Personal fire pits are also provided at selected campsites.

Plenty of parking for your RV & Live-in horse trailers. (Dry Camping) Fresh water is available for horses. Campers must bring drinking water. We welcome groups & horse clubs. You are only 10 minutes from Truckee if needing to pick up some last minute items and 45 minutes from Reno if you want to do some gambling.

*We had an amazing time! A great getaway spot with my friends & family!*
