EQUESTRIAN ROUTE LOOP #1 AROUND SNAKE LAKE

Quincy Ranger District, Plumas National Forest

General Information

Mileage: approx. 6 miles
Elevation: 4000-4200 feet
Difficulty: moderate to easy
Average Riding Time: 1.75 hours @ walk
Topo Maps: Quincy

Access

From Quincy go west on Buck's Lake Rd 8 miles
Go Right/North on Snake Lake Rd 2.5 miles
To end of pavement, into Equestrian Campground

Route Description

Make a counter clockwise loop around the Lake from the Campground.
Ride south out of the campground, over concrete spillway.
Veer to right, up hill on single track wooded trail, going SW.
(May have to go around some downed tree logs).
Take 2nd Left, an old dirt road. (1st Left dead ends).
Take all the next Lefts around the Lake.
You will be high up above the Lake at East end of the Lake.
At North end, continue Left and down the main dirt road, down to the Lakes edge.
Pass camp site on North end (pit toilet on right).
Go about ½ mile (Lake on Left)
Take wooded single track trail on Left going down around Lake's edge.
Trail leads back to main campground.

Route Surface

Approx. 25% single track dirt
50% graded dirt
25% gravel FS road

Notes

Facilities-Snake Lake Equestrian Campground, no fee, no reservations
8 pull through Equestrian sites. 2 sets of 4, 12 X 12 pipe corals.
No hook ups, no electricity. Vaulted toilets, no potable water.
Bring your own water for yourself and animals. No access to Lake for horses.
Do not take horses to Lake edge as bottom is sticky mud. You could dip buckets from the
Concrete spillway if necessary. OK to kayak and canoe and fish. Not a swimming lake.

**The following points will help make your visit
And the visit of others more enjoyable:**

All trails and roads are considered multiuse.
Not all users are familiar with horses. Use
courtesy and an educational attitude toward
others. Hand signals may be necessary as
well as voice. Bikers and hikers are to yield to
Horses.

Safety Tips

Concrete Spillway can be slippery,
with jumping frogs.
Shared trails and campground with
other users
